Mrs. W. R. Rhoades spent Monday in Marshall.

Mrs. Wm. Reid spent Sunday evening in Marshall.

A. R. Shield, postmaster at Gilliam, was in Slater Wednesday.

Mrs. W. S. Smith returned from a short visit to Roodhouse this week.

Miss Burnice Walsh has been too lame to be at school for a few days. Miss Lena Beverley has been spending a few days in Marshall this week.

Mrs. E. R. Slade and Mrs. A. Ben-son spent the day in Glasgow Friday. Miss Georgia Rhoades went to Mar-shall Saturday, for a visit of a few

Mrs. Whiteside, of Montgomery City, is the guest of Mrs. C. D. Rogers.

W. L. Dillard has sold out his sec-ond hand store, on Maple St., to John Hopkins.

Miss Fannie Lewis, of Marshall, spent a few days with her sister, Miss Mary, in Slater.

The valentine social given by the C. P. Juniors, at Mrs. Warkwell's last Friday evening, was a success in every way.

We are very glad to learn that the five members of W. H. Keyton's fam-ily, who were all sick at once, are now all improving.

Those who receive valentines are often much surprised. This year some valentines were sent which surprised the recipients very much, indeed, but perhaps no more than the one who seemed to have sent them.

Mr. E. Encell returned Tuesday from Howard county, where he has been for a few days visiting his broth-er, who has recently had a stroke of paralysis. He says his brother is in a very serious condition with but lit-tle hope of recovery.

Rev. E. D. Jones, of Kentucky, who with his wife, visited Mrs. Ed. Mohler last week, occupied the pulpit at the Christian church in the absence of the regular pastor, Rev. R. L. Wilson. His sermons, morning and evening, were practi a', interesting and much enjoyed by the large audiences that attended.

Mrs. Nathan Johnson, formerly of Barton Co., but lately of Holt county, where her people live, was here Wednesday to take the legal steps necessary to get possession of her two-year-old girl from her husband, the Rev. Nathan Johnson, a Baptist minister, who, she says, is now living somewhere near Little Rock, Mo. She drove out there, accompanied by our constable, hoping to get the child. We have not yet learned of their success.

Our Slater young Republicans have all finally returned from the Banquett which was held at Kansas City last Friday night. Armond Huff, the last one to show up, reported some time Monday. All agree that it was a royal trest and that the only sign of failure in connectior, with it, was that the Banquett room was too small to acare in connection with it, was that the Banquett room was too small to accommodate all who desired to participate. There was such a rush to C. Lake for tickets that not near all could be accommodated. There was plenty to eat and drink and plenty of time to exchange good sound Republican doctrine between the courses. When we got to roast snow bird, Sur Canape, on the bill of fare, Armond Huff said he knew what snow birds were but what in the Sam Hill is Sur were but what in the Sam Hill is Sur Canape? and said that he was afraid he would have to pass. But I notice he took a hand and drew every time and was in at the finish. There was plenty of good feed, both solid and fluid; but Republican fashion, there was no one got under the table from start to finish. The feast lasted from

7 until 11 p. m. We then had speaking until 3 a. m. The best addresses of the occasion were by Our Harry Parson and Governor Cummings, of Iowa. Their remarks, full of wit, logic and sarcaem, were listened to with wrept attention and while every word they uttered was as true as gospel, it was a terrible arrangement of those who call themselves Democrate in Missouri today. We had addresses from many other prominent Republicans, both instructive, entertaining and amusing, and every one present felt that it was good to be there.

The President of a certain big Oil Com any is said to be worth \$300,000,000. The President of a certain big Oil Company is said to be worth \$200,000,000. A tidy bit of money and no mistake. And yot he isn't happy. In an address to a Bible class he spoke of trials and troubles of the rich and the loads they have to carry. A young lady whispered to a friend that he might wear a Benson's Porous Plaster on his back or, better still, divide the money among the members of the class. I don't know why her idea about the plaster makes me want to laugh, but it does. All the same I have seen plenty of people laugh after putting Benson's Plasters on their backs or chests, or on any other spot where there was weight, heaviness, weakness or pain. It may be the sharp stabe of neuralgia, the schee and wrenches of rheumatism; it may be those kidney or lumbago thrusts that make you yell as at a dog bite; or it may be a strain or cramp, engiting that wants quieting and comforting. Dont bother with salves, liniments, lotions, etc., or with any of the stupid and useless old style plasters. Clap on a Benson's. It relieves at once and cures quickly. It stops the pain and makes you laugh for the very case and good feeling of it. But watch out against instations and substitutes.
